

Keeping your child safe

Ashdon Primary is a safeguarding school. I am the Designated Safeguarding Lead, and we have deputies trained alongside me.

What that means for you in practice: if something is worrying you about your child — at home, at school, online, anywhere — please tell us. We would very much rather know and find it was nothing than not know. We will listen without judgement, and we will be honest with you about what we can do.

Our Child Protection and Safeguarding Policy is on the [\[Policy page\]](#).
